

Baumit Final Coatings

**Strong renders
for beautiful
façades**

- Durable, great looking renders
- High coverage & self-cleaning
- Renovations & new buildings

Ideas with a future.

THE PERFECT SOLUTION

Whether you are applying the very first coat or are renovating an existing building, Baunit topcoats are always the best choice. High quality combined with intense colour shades and easy application make them a great all-rounder on any façade.

Durable and beautiful

Baunit topcoats are proven to last for decades. They protect the façade from moisture, as well as from mechanical and thermal stresses. As the visible external layer of a building, Baunit topcoats enable buildings to retain their original shine for many years.

Façades have a lot to endure - rain, wind, large temperature fluctuations. But Baunit topcoat renders provide all-round effective protection.

- **Strong protection for the building**
- **Ready to use products**
- **High durability whilst being beautiful**
- **Proven to last for decades**
- **Available in over 888 colours**

From old to new

From sun-induced colour fading, to deep cracks and algal or fungal infestations, there are many different factors that can take away a building's initial shine and prevent it from functioning properly. Whatever the reason, Baunit has the right render system solution for every situation.

Advanced technology

Baumit topcoats are not only easy to use and attractive, they also provide an effective solution for any challenge. From a built-in self-cleaning effect using photocatalysis and nanotechnology to especially intense and long-lasting colours for ETICS using cool pigments, Baumit topcoats are real all-rounders and fulfil every requirement.

Top performance

Baumit offers the perfect solution to every project style and requirement. If you are going for a high-end solution, Baumit Nanopor, with its unique self-cleaning effect, is always an excellent choice. If it is extremely long lasting, highly durable and greatly dirt-resistant products you are looking for, you will find them in the Baumit Premium range. Finally, for the more straightforward projects, the Baumit Profi range gives you solid quality with a great price-performance ratio.

NANOPOR

- Self cleaning
- Photocat effect
- High durability

Through the use of nanotechnology, Baumit has succeeded in equipping Baumit NanoporTop and NanoporColor with special characteristics that protect the plaster surface from various environmental contaminants of an organic and inorganic nature. The power of light and the new photocatalyses give Baumit Nanopor an additional self-cleaning effect – for a façade that remains attractive, gleaming and clean for a long time.

PREMIUM

- Premium protection
- Water and dirt repellent
- High coverage

Baumit's premium range consists of products with superior characteristics. The premium products cover nearly all requirements. From highly vapour permeable and extremely water-repellent, to greatly dirt-resistant, with the best processing powers. Available in more than 850 different shades, even intense, dark colours like deep blue or red, are possible with the unique Baumit PuraColor formula.

PROFI

- Easy workability
- Low water absorption
- Largest range of colours

The Baumit Profi line offers solid solutions to basic requirements combined with a great price-performance ratio.

**Baumit
Life**

Unlimited possibilities for façade design

Life
COLORED BY BAUMIT

**The most beautiful range
of façade colours**

Baumit Life offers the most extensive range of innovative render and paint colours for your façade. Research on the latest colour trends and extensive product development led to this unique collection. Baumit Life represents a new dimension in designing façades.

**888 colours with every feature
you could wish for**

For a long time, the individuality of a house was limited to the interior design. But times are changing and nowadays it is the façade that provides the building with a unique character. Baumit therefore developed Europe's widest and most beautiful range of colours - the Baumit Life system. With 888 different colour shades, it offers almost complete freedom when it comes to façade design. Whether you prefer delicate pastel shades or intense dark colours, Baumit Life enables unlimited design possibilities.

All Baumit topcoat renders are available in the Baumit Life range of colours. To find out more, visit www.baumitlife.com
